

Every year since April 17, 1900 when the American flag was first raised in American Sa

1.

floating *uto* and it flies into the air. Then they hit it

2. For the second verse they form a square and move in and out making a smaller then larger square. Again

Have those two stand, outside the circle, about five yards apart.

After the teacher says "go".

Let the one who is the rat run, and the one who is the cat chase after him/her.

3. What has four posts and a hard roof?

Lice

4. What lives in the wilderness?

7. A thing that cries frn lohate
